

A better healthcare journey starts here.

A plan that leaves other plans behind.

Price Certainty

Members can look up providers and services in the SimplePay app or member portal to view copays beforehand. The copay a member sees upfront is the price they will see reflected in their monthly statement with the financing option.

Provider Quality

Providers are ranked by quality and are categorized as either green, yellow, or red. Green providers offer the highest quality at the lowest cost.

Familiar Bill Pay

With the financing option, members are sent a monthly statement, similar to a credit card bill, that lays out the incurred cost of all medical services from the previous month. Members have the option to pay through the app, online, or by mail.

Seamless User Experience

The SimplePay app and member portal offer easy access to the provider search tool, benefit information, statements, and payments.

Simplifying the healthcare experience.

SimplePay is an intuitive health plan that connects members to high-quality, low-cost providers in their community. Members have access to providers in the Meritain/Aetna network.

Providers are ranked by quality and all covered services are assigned copays based on those quality rankings. SimplePay offers financing and non-financing options and is compatible with high-deductible health plans.

SimplePay streamlines the member experience.

1

Look up in-network providers and covered services through the app or member portal.

2

Compare cost and quality information.

3

Get great care and pay nothing at the time of service.*

4

Receive a monthly statement and pay the amount selected upfront.*

*With the SimplePay financing option

SimplePay works.

↓ **12%**
reduction in
employer and member
plan costs

↑ **117%**
increase in
top provider
utilization

⊕ **92%**
of members want
to keep this plan over
previous plan

Ready for something new?

SimplePay works best for employers who:

- ⊕ Are self-insured
- ⊕ Have 100+ employees
- ⊕ Are a champion for quality rankings
- ⊕ Are culturally ready for change
